

Dovre 350CB

Cast iron has many advantages – durability, better heat retention and longevity, as well as the ability to be crafted into a huge variety of shapes and textures, giving aesthetic beauty and immediate appeal whether your interior style is traditional or contemporary.

Whatever your choice - wood, multi-fuel, gas or electric – your Dovre stove or fireplace will be beautifully reliable and built to the uncompromising standards you would expect from our Scandinavian heritage.

Designed to complement the most modern architecture and interior design, the Astroline 350CB brings its own unique style to the traditional world of stoves. The large flame view area, particularly on the version that has glass side panels, and sophisticated clean burn will provide you with the home heating pleasure for which Dovre is famed.
