

Franco Belge Ardennes

With its substantial 11.3Kw output, the Ardennes is the perfect wood burning stove for heating larger rooms whilst enjoying a truly inspiring wood stove experience. Available with a choice of door styles, double lattice, double plain or a single plain door, and a range of beautiful enamel finishes and traditional black stove paint, the Ardennes can be easily styled to suit your home. Equipped with a range of advanced features including a powerful air wash system to help keep the glass clear of unsightly deposits and a tertiary baffle, the Ardennes is designed to keep you cosily warm during the harshest winters, whilst still being kind to the environment.
