

Double Sided Built-in Units

Install this attractive Double-Sided Universal between rooms and enjoy the radiated and convected heat in both rooms simultaneously. It is also advisable to have a “clip-on” firescreen on one side during operation.

Grate Options:

- Basket Grate and Pan
- Log Burning Pan
- Gas Grate

Note
Total width measurement including the convection system is A + 160 mm

Model & Size	Measurements (mm)			Flue Size						
				Rectangular Flues			Round Flues			
A	B	C	E	I	H	D	E	∅	D	
700	595	700	145	300	300	220	110	350	220	
1050	595	780	120	350	500	220	60	475	220	

Heating Capacity (m ²)	700	1050	Heat Output (kW)	700	1050
Solid Fuel	112	128	Solid Fuel	13.7	8.3
Gas	26-44	66-100	Gas	18	19
