

## Jøtul F3TD

Jøtul F3 is the advanced model of the popular Jøtul F3 TD, with clean burn technology for greater efficiency and controllability and an integral ash solution for ease of use. Cast with clean classical lines, the Jøtul F3 is offered in traditional Matt Black or with one of Jøtul's iridescent enamel finishes, Blue-black, Ivory and Majolica Brown. Adaptable with a short leg option, the Jøtul F3 and Jøtul F3 3TD make an elegant focal point in any room. An environmentally friendly wood burning stove, the Jøtul F3 is also capable of burning a mixture of wood and selected smokeless fuels. Only on the Jøtul F3 you can use a matching décor ring to complete the top flue option.

- (HxWxD): 707x577x484 mm
