

Morsø 6170 (Wall Mounted)

A choice for life.

When you eventually put this literature down, the likelihood is you'll be sold. You'll have fallen for Morsø's timeless look. You'll have fallen in love with cast iron's unique properties. And you'll be convinced of our stoves' obvious advantages for the environment.

But believe us – when you describe your relationship with your Morsø in the future, it won't be the design, the cast iron or the stove's green-friendly impact which will fuel your fondness. By then, your stove will have already become one of the most loved items of furniture in your home. A trusty source of comfort, you will love it for its sound, look and warmth. And for the glow of happiness it has spread throughout the house year after year. To choose a Morsø is, in other words, to make a choice for life.

Well-designed classic with beautiful curves

The 6100 series now proposes a novelty. Model 6170 is an elegant, wall-suspended wood-burning stove in the characteristic oval design that distinguishes the 6100 series. In spite of its small size, this wood burner has a high performance.
