

Scan DSA 3-2

Scan has considerable experience in designing heating furniture. Simple, clean lines are the mark of good Danish design and this makes Scan one of the world’s best-selling wood-burning stoves.

Designers have been involved in creating the stoves’ appearance as well as how they operate, which is why Scan stoves are so easy to use. Emphasis has been placed on the size of the glass and the efficiency of the air wash system so that everyone can enjoy the sight of the fire burning with all its might

These convector fireplace inserts are available in black or grey with trims in standard sizes of 50 mm or made to measure. All the models have a user friendly chrome handle. Plus, the unique Scan combustion system provides for optimal, clean combustion and efficient air wash so the glass is always as clean as possible.

- Stove colour: Black/grey
- Connection piece for fresh air intake Ø 100 mm: Yes (bottom, optional extra)
- EN nominal performance (kW) *): 6
- Est. operating range (kW): 3-8
- Room size approx. (m³): 50-112
- Efficiency % *): 76
