

## Scan DSA 11

Scan has considerable experience in designing heating furniture. Simple, clean lines are the mark of good Danish design and this makes Scan one of the world's best-selling wood-burning stoves.

Designers have been involved in creating the stoves' appearance as well as how they operate, which is why Scan stoves are so easy to use. Emphasis has been placed on the size of the glass and the efficiency of the air wash system so that everyone can enjoy the sight of the fire burning with all its might

This product is an elegant cassette that fits all kind of interior styles. It has beautiful details and very efficient combustion, and can take 50 cm logs. It has a glass air wash as standard and can incorporate a fan unit (accessory) to offer fan assisted convection
