

ALPINE WALL UNIT

For many people, an open fireplace is the cosiest way to keep warm.

This unique fireplace, as originally designed by Home Fires, will really bring warmth to your home. You can now use this attractive and functional open fireplace as a room divider. The movable glass screen lends a mystical look to the fire and it enables you to direct radiated heat towards different room areas. Should you have a space problem, you can still enjoy this stunning fireplace by installing the half-round wall mounted unit or the smaller of the three round models (600).

A large range of fireplace accessories is available which will enhance the beauty of your fireplace.

Rotating chimney cowls keep the rain from entering your chimney and prevent down-draughts on windy days. The cowl-base is available as slide-on models for

pipe fitting or as bolt-on models for brick chimney applications.

The 15 year guarantee against heat damage, faulty workmanship or material, along with Home Fires' after sales service will give you the peace of mind that you deserve.
