

NEW!

The Elegance Fireplace

This winter we introduce a brand new Chad-O-Chef Fireplace!

Experience effortless warmth from a flueless gas fireplace that offers a safe, hi-tech, and excellent burning quality.

With 4 decades of experience, Chad-O-Chef has consistently provided high-quality products, with innovative designs ever-evolving, inspired by technology, experience, and customer feedback.

Elegance Fireplace Options

- Midnight Mirror Backing
- Casing options include Matt Black or Stainless Steel
- Glass Pebbles (Black; Clear; Blue or Gold)

Installation In a nutshell

- Hangs on the wall with 2 Wall bolts (Wall bolts & Stencil provided)
- Working components are accessed by opening 2 locks hidden underneath the fireplace.
- Available for LPG & Natural Gas installations.

Our Favourite Features

- German Engineered Remote Control System. Extremely high quality!
- Latest hi-tech slim burner technology for improved efficiency & burning.
- Exceptional 12.2 kW ! This heats up an impressive 147m² or 489m³.
- Combined radiant & convection heating means that it will heat up the room in no time.

Quality and Safety are paramount at Chad-O-Chef's ISO 9001-approved factory, as such we confidently offer a 2-Year guarantee on all of our gas fireplaces. Your flueless fireplace employs an oxygen depletion system for your safety, and goes through rigorous testing until it is LPGSA approved.

Our sales & services department is always at your service to ensure your best experience from beginning to end.
