Introduction

Signi Fires manufactures luxury wood, gas and bioethanol fireplaces, and braais. From our facility in Cape Town, South Africa, we offer dealers a single distribution point for modern fireplaces and braais built with an emphasis on world-class quality, safety, design and function. We distribute our products worldwide.

Experience
Fire *Like Never
Before...*

Suspended *Fireplaces*

Signi Fires' range of Suspended Fireplaces commands a presence wherever they are installed, as they effortlessly integrate into their surrounds. Suspended Fireplaces are perfect for open-plan homes or for any space that requires a unique focal point. Many of our Suspended Fireplaces rotate 360° so that you can position the fire in any direction you choose. The flue and anchor positions are custom-built to suit your bespoke environment.

Double-Sided Built-In Flueless Gas Fireplaces

Bioethanol Fireplaces

Our exquisitely designed Bioethanol Fireplaces are completely vent-free. No chimney or additional ventilation is required, which means no hassle of gas or electrical connections. Enjoy a beautiful fire in rooms where wood and gas fireplaces are not allowed, like small rooms, bathrooms and even balconies. Signi Fires' Bioethanol Fireplaces are not only safe but burn completely clean with no smoke or odour – all you get is instant heat and pure organic flames.

INFORMATION

- Double-sided opening perfect for open plan homes
- Available in 5 sizes
- Burner available in brushed stainless steel or powder black
- Fascia's available in brushed stainless steel, powder black, powder-coated white or black
- Decorative pebbles are optional
- Full Control via remote or Signi Fires App on your mobile device
